

Update

Presented by Siobhán O'Donnell

12th April 2018

daa Actions from Previous Meetings and Subsequent Requests

No.	Action	daa Response
1.	Address gates in order to prevent dumping on daa lands, at Dukas Farm	Plan to replace gates in order to discourage fly-tipping here.
2.	Provide number of flights between 11pm and 6am, and state why turbo-propellered aircraft are turning over Newtown and Dunsoghly	There are 60 flights between 11pm and 6am. Due to the construction of the IAA tower, turbo propellered aircraft must travel to the end of the runway prior to turning northwards. These aircraft must adhere to the same standard operating procedures at all times. Between the hours of 11pm and 6am there are 2 such aircraft currently in operation. As with all aircraft departing Dublin Airport, they must follow the directions of Air Traffic Control, who may divert the aircraft from their normal flight paths due to weather or for safety reasons
3.	Forward details on apprenticeships and summer work to TM when available	Summer roles are managed on behalf of daa by Flexsource. Currently, there are vacancies for summer guest services roles. More information is available at www.flexsource.ie . Apprenticeship campaigns are generally launched later in the year (i.e. Q3/4) and will be advertised on the daa website www.daa.ie/careers . It has not yet been confirmed if apprenticeship positions will be available at daa this year.
4.	Establish type of tree to be planted around Dublin Airport Central	Trees that will be planted in the vicinity of Dublin Airport Central Offices include Birch trees and beech hedging. All planting was considered as part of grant of planning.
5.	Consider Dunbro Lane issues of drainage, fencing and hedging	The new fencing along the field adjacent to the culvert is not planted with hedging in order to facilitate the optimum efficiency of the flood management measures which were put in place. The fencing itself is stock-proof and is fully compliant with the approved design. The mature hedging which was requested on the other side of the road at the top of Dunbro Lane has been planted.
6.	Request for report on longitudinal data	Due to ongoing legal action, daa is not in a position to comment or provide any information on this topic at present
7.	Drainage presentation	FCC gave this presentation this evening
8.	Local Area Plan	The development of the St Margarets Special Policy and the Local Area Plan are being managed by FCC; however daa is happy to discuss, should any residents wish to meet with daa
9.	Update on 32m passenger CAP pre-consultation between daa and ABP	daa wrote to An Bord Pleanála (ABP) to commence the pre-consultation process. This process is ongoing to determine the application process for addressing the 32mppa cap.

North Runway Update

- Construction Package 1 complete
- Construction Package 2 competitive dialogue well underway, and mobilisation scheduled for Q4
- Planning application for entrance to compensatory habitat being lodged this week
- Condition 18, Road Safety Audits, has been discharged
- Consultants for insulation surveys have been appointed and contact with participants has commenced

Runway 10/28 Overlay and Associated Taxiways

- Works completed on Taxiways B7, E6, E5, E4 and E3
- Overlay of Runway 10/28 is 95% complete
- 320 shifts worked on the project up to end of March 2018; 58 shifts cut short and 34 shifts cancelled due to low visibility procedures/wind or other operational reasons
- Project will continue to end of May due to weather disruption
- Works will take place every Saturday for the months of April & May, 2018.

Stats:

- 350,942 hours worked on the project
- 99,000 tonnes of asphalt laid to date
- 54,764 metres of ducting laid
- 1,772 no. electrical pits installed

16-34 Movements	Since project started (as of 02/02/2018)	%
Total 16-34 Movements	9,850	
16 Movements	7,215	73.2%
34 Movements	2,635	26.8%

Dublin Airport Update

- Dublin Airport had its busiest March on record despite Storm Emma. Almost 2.3m passengers travelled through the airport last month, a 3% increase over last year
- More than 6m passengers have travelled through the airport in the first three months, a 4% increase when compared to last year. We have welcomed 248,500 additional passengers in the first quarter of 2018
- Hainan Airlines will launch a new year-round service from Dublin to Beijing starting on June 12
- Dublin Airport's fire alarm app won the Innovation in Technology and Systems Award at the Facilities Management Awards. The new app helps airport fire responders quickly locate any one of the 14,000 fire alarms on site across both terminals
- daa in partnership with ESB has installed 268 solar panels on top of the airport's reservoir system which will provide more than half of the reservoir's annual energy requirements
 - The solar farm is part of an energy agreement between daa and ESB to achieve an overall target of 33% reduction energy consumption at the airport by 2020

New Routes Launching this Summer at Dublin Airport

Destination	Airline	Start	Arriving	Departing
Marrakesh	Ryanair	March	10.20	10.45
Paphos	Ryanair	March	16.50	06.45
Philadelphia	Aer Lingus	March	05.15	13.40
Reykjavik	Icelandair	May	10.15	11.10
Seattle	Aer Lingus	May	12.30	15.10
Manchester	British Airways	May	10.55	22.20
Zagreb	Croatia Airlines	May	09.30	10.20
Montreal	Air Canada	June	08.25	10.20
Hong Kong	Cathay Pacific	June	06.45	11.55
Beijing	Hainan Airlines	June	06.00/09.10	08.00/11.10
Carlisle	Loganair	June	14.55/09.15	15.25/09.50
Dalaman	Ryanair	July	16.10	06.10
Frankfurt	Ryanair	October	11.25	15.55
Luxembourg	Ryanair	October	14.25	10.10

Community Fund Update

Community
Fund

- Community Fund opened for applications on February 1st for six weeks.
- 69 applications were received, 3 from the St Margarets area
- Grant Making Panel met on 11th April
- Successful applicants will be notified within next two weeks
- Cheques will be presented in early May

END
